

Petitions Being Circulated For Residential Street Lights

Sponsored By L.G. Chamber Of Commerce; 25¢ Tax Rate Seen

Petitions were distributed for the Lemon Grove Chamber of Commerce sponsored residential street lighting project Monday and nearly 20 PTA representatives at both grade and high school levels, are taking part. PTA members are working as individuals, it was pointed out, but apparently

down the prowler incidence here. He said that Broadway street lighting had all but eliminated prowler problems on the business street.

L.G. C. of C. President Robert Vaught, reporting on the chamber project to his directors Tuesday said petitions would have to be in by Nov. 1 and that signatures representing 60 per cent of the assessed valuation would be required before the community could request the county board of supervisors to set hearings for the district's formation.

Vaught said the signatures would be obtained on the basis of an assessed valuation of \$25 million for the district, and the district would be the L.G. Fire District boundaries.

There will be no cost for installing the lights, Browne said, but the district would be charged \$4.68 per lamp per month for operation. He estimated the cost to be 25¢ per \$100 assessed valuation, or

about \$10 a home a year.

At the board meeting Tuesday Vaught instructed a committee headed by Larry Folda and Jim Spears, to rejuvenate the lemon landmark at Imperial-Main and Pacific and to move it if feasible.

Vaught also instructed a committee to produce a float for the Spring Valley parade to be held Oct. 28.

B. of A.'s Jack Cummings was named to fill the unexpired term of director Pat Brennan.

Civil Defense Distributing Radiological Monitoring Devices To Fire Departments

LG-SV EQUIPPED — As of last week, the Lemon Grove and Spring Valley Fire Departments have devices for detecting radioactivity. In a move to bring the county one step closer to being able to take care of itself in case of nuclear war, the Unified San Diego County Civil Defense and Disaster Organization began distributing radiological monitoring kits to fire stations, which are termed "the backbone of civil defense" by William B. Marty, administrator of the Unified Civil Defense Center.

Here Marty (center) explains devices to L.G. Fire Chief H. L. "Pappy" Hensley (left) and S. V. Fire Chief Frank Berger as firemen Ed Bolieu (kneeling front) and Robert Adams (background) show how the anti-radioactive dust masks are worn. Chief Hensley holds a geiger counter, which is for showing radioactivity in an area; Chief Berger holds ion chambers, instruments for showing the amount of radioactivity on a person. The pencil-like object in Bolieu's other hand is a dosimeter, a device one wears in his pocket and which records on a simple graph the amount of radioactivity one has picked up. The Fire Department pointed out that the new instruments would have uses at other times than during war. For example, if a vehicle carrying something with radioactivity were to be in a collision, firemen could with these devices make a check of radioactivity present at the scene, firemen said.

Port Means Boom, Says Van Deerlin At Men's Club

"It's not the fact of unemployment but the fear of unemployment affecting the economy in San Diego," Lionel Van Deerlin, Democratic candidate in the 37th Congressional District told the Lemon Grove Men's Club Friday.

He said the development of San Diego's port would create a stable economy and assure the economic security of the entire county.

Van Deerlin showed films he took of ports in New Orleans and Houston and described the industrial development which accompanied the building of these ports. Houston's average family income is \$600 a year more than the national average because of the jobs the port affords, he said.

He said the make-up of the port district made little difference because ports are profitable. In N.Y. the port district

Run-aways and Car Stealers Make Police Week Busy

Clifford Dean Collins, 18, of 9433 Adams ave., L.G. was returned to the California Youth Authority for the fourth time when he was sentenced by Superior Court Judge Vincent Whelan Tuesday.

Collins, a laborer, pleaded guilty Sept. 17 of forging his grandfather's name to several checks he passed.

A probation report said Collins was first committed to the CYA in 1957 after he ran away, stole a truck and wrecked it, and committed a burglary.

He was paroled Jan. 22, 1960,

but returned about two months later when he ran away with a 15-year-old girl. He was again paroled, but returned for auto theft.

HOME-LEAVERS BACK WITH MAMAS

Two Lemon Grove boys, 11 and 9 years old, living in the area of Massachusetts ave. rebelled against the restriction of their mothers about visiting each other one morning last week and decided to order their own lives. The 9-year-old could not leave mother without a farewell and left her a note

saying he and his playmate were running away.

His mother did not give it much credence, until the next morning when there was no son racketing around the house.

The boys, meanwhile, had been picked up in San Diego by police at the end of a long and tiresome day of tramping. They were temporarily placed in Juvenile Hall.

Restoring of two little boys to two distraught mothers was effected through the cooperation of Sheriff's Officers and City Police officers by the end

of Sept. 26.

LITTLE LADY RUN AWAYS FOUND BY 12-YEAR-OLD BOY

Two days of camping in the open on a blanket with no water, and their supply of candy bars all gone, two run-away teen-aged girls from the Lomita area were sadder and wiser young ladies who welcomed the sight of uniformed officers Tuesday morning last week.

A 12-year-old boy discovered them sitting on the blanket with wee-begone faces, in an (Continued on Page 3)

SAN DIEGO (CNS)—A special use permit for a six-guest rest home in Lemon Grove was granted Friday by the County Planning Commission, over the protests of owners of adjacent property.

PALM PTA EXEC BOARD TO MEET

The Palm Junior High school executive board will meet Oct. 9 at 7:30 p.m. at the school. A get acquainted dinner was held by the executive board members for the faculty and their wives and husbands on Sept. 27.

The DIMMER VIEW by MAX GOODWIN You Can't Do Business With The Super-Patriots

One of the most reprehensible gimmicks yet contrived by lunatic super-patriots showed up in our community last week. Cowards are surreptitiously planting printed cards in and among the merchandise of at least one of Spring Valley's variety stores. The cards read:

ALWAYS BUY YOUR COMMUNIST PRODUCTS
(products made in Poland, Yugoslavia, Czechoslovakia, Hungary, E. Germany, Cuba, Bulgaria, USSR)

AT BLANK'S
The card also requests that the customer also **ASK THE MANAGER TO SHOW YOU OUR COMMUNIST PRODUCTS**

The cards are professionally done and even have the name of the firm printed on them, which means the disseminators went to considerable trouble to have them prepared.

Instead of going to the management to complain, a manner by which Americans usually resolve such a problem, if indeed the problem did exist, these yellow-livered rats hide cards in children's lunch boxes, in Bibles, in the pockets of wearing apparel and in any other merchandise on the shelves and counters.

There is no evidence to support a complaint that the firm is offering red-made merchandise.

None of us wants to aid and abet the communist economy but every thinking American can see that card-passing idiots, such as these would next unleash their venom against Mexicans, or the French, or Catholics, or Jews, against Mongolians or Negroes.

It makes little difference to those who are spearheading the card-passing program which ethnic, color or religious group is being vilified. The important thing is to create unrest and suspicion among impressionable citizens.

State Treasurer Candidate J. Busterud, A Capable Man

We endorse John A. Busterud for the state treasurer's office.

Busterud, a fine lawyer and highly respected assemblyman has been bus-touring up and down the state with his fine family, winning friends wherever he has made stops.

We announce our endorsement at this time because it coincides with our inescapable duty a few days ago to tell State Treasurer Bert Betts that we, his home town newspaper, could not support him for re-election.

Treasurer Betts was in town making perfunctory visits to county newspaper editors, following the custom of many another candidate who seeks the support of area editors. Betts said our decision disappointed and hurt him. We are sure that it did for as fellow hometowners we had attended the same church, the same lodge, the same clubs. As an accounting firm, he had kept our books. We admired his fine family of six school-age youngsters. As a matter of fact, his 1958 campaign was built around an attractive picture-postcard in full-color showing all members of his family. His family still lives here, on Palm avenue, and his handsome youngsters are enrolled in L.G. schools while Betts lives elsewhere with his new wife. . . he having obtained a divorce last year and remarried.

The following week the L.G. Fire Department will provide a program marking Fire Week, and the next week Dick Donovan, an attorney and candidate for Assembly, will explain the State Ballot's 24 propositions. The club meets each Friday at noon at Michael's. All men are invited to attend. No reservation is necessary.

Beef Being Readied For Free Picnic

Huge roast beefs are being readied for the first annual Lemon Grove-Spring Valley Free Civic Barbecue honoring Sheriff Elmer Jansen, it was announced this week.

The picnic will be held 2 to 5 p.m. Sunday, Oct. 21 at the Spring Valley Chamber of Commerce grounds at Bancroft and Memory lane, according to Jim

Dorman and Ted Feters, co-chairmen of the event.

In addition to free barbecue sandwiches, there will be free beer and coffee. Soft drinks, lollipops, and balloons will be given to youngsters. Mexican troubadours will provide music.

The affair is being sponsored by Businessmen-of-L.G. and S. V. to Retain Jansen for Sheriff.

iff. In addition to Dorman and Feters, the executive committee is comprised of Howard Muhleman, Carl Ollerman, Jim Spears, Dion Rich and Raoul Lowery.

Spears, who operates a new Ford agency, said he would provide free transportation for anyone unable to get there otherwise.

Lions 'White Cane' Workers To Collect Funds This Week

"White Cane Days" will be marked in Lemon Grove Friday and Saturday by Lions Club collection teams distributing miniature "canes" to those who contribute to their sight-conservation fund.

The L.G. program is being held simultaneously with hundreds of other Lions Clubs across the nation.

In Lemon Grove, according to Robert York, president, the goal is \$500 and the money will be used on local sight conservation needs only.

A contest for a complete set of golf clubs is being conducted by members of the club and the winning contestant will be selected Oct. 18.

The club's annual Halloween Party with this year's theme "Hard Times" will be held Oct. 28 at El Morocco.

NEW TEEN SQUARE DANCE CLUB STARTING

A new teen square dance club for youths 13-18 will start meeting Oct. 12 at 6:30 p.m. Called "Buttons and Bows" it will dance at L.G. Youth Center. Membership is open.

Betts Visits L.G. On Swing Around County

State treasurer Bert A. Betts said in L.G. recently "We have saved each resident of the State four dollars annually with our flexible and competitive bond sale policy and our investments of State funds." Betts, who went on a three day campaign swing of the Southern California counties, pointed out that "the San Diego per capita share of these state savings approximated \$4,080,000."

Beginning in Orange county, Betts conducted a "face to face" campaign with the voters of Southern California in an effort to inform them of the policies and savings brought about under his administration of the State Treasury. Of major significance has been his re-instituting of competitive bond sales so Californians may sell their bonds at the lowest available interest rates.

FORMATION OF BOOSTER'S CLUB FOR GROSSMONT JUNIOR COLLEGE URGED

A gal in El Cajon wants to get a Booster's Club going for Grossmont College. She is Mrs. Maryann Shaw who can be phoned at HI 2-1556.

Mrs. Shaw thinks a peppy group of not only Grossmont College student parents but also others interested in backing the new college, would be just the thing now that the bond election has passed. GJC Dean of Student Affairs John Burdick likes the idea too, she said.

Lemon Grove and Spring Valley people interested in starting a Booster's Club are urged by Mrs. Shaw to sit in the center cheering section at this Saturday night's game between Mt. San Antonio Junior College and Grossmont Junior College at Helix High school stadium at 8 p.m. This will help get the club started. Those who can't make it then are invited to call her up to discuss plans and ideas.

Mrs. Shaw said she wants to stress that a Booster's Club could be involved in many aspects of GJC activity, not only the athletic program.

Clinics Listed Here SOS--Sabin On Sunday

More than 25,000 volunteer workers are being assembled by the San Diego Medical Society and the San Diego Department of Public Health to handle 86 SOS (Sabin on Sundays) oral vaccine clinics Oct. 21 and 28 in a mass immunization program against polio.

John A. Bishop, M.D., SOS chairman, said today.

Each clinic will be set up to handle as many as 10,000 persons per day. There will be 41 clinics in San Diego and 45 in county areas.

Clinics will be held at the Casa de Oro, Avondale and S.V. Elementary schools in the Spring Valley area. The L.G. Junior high and San Miguel will house clinics for Lemon Grove residents.

"We hope to immunize a very high percentage of the million residents in San Diego County," Dr. Bishop said, adding that in the San Francisco Bay area two weeks ago about 80 per cent of the population took Sabin vaccine.

Physicians and their volun-

teer staffs will man two shifts each Sunday, with 25 persons to a shift.

In addition to the head physician, who will direct the program each shift, there will be a pharmacist, public health or school nurse as floor supervisor, four registered or student nurses, five to seven registration clerks, two cashiers to accept donations, one supply officer, four guides and runners, one director of traffic and a number of stand-by personnel.

The clinics will be in schools, the locations of which will be announced in a few days, Dr. Bishop said.

The procedure at each clinic will be to make a contribution of 25c, pick up a small paper cup holding the vaccine, swallow it, dispose of the paper cup and be on your way.

The clinics will be open to serve Type I Sabin oral vaccine from 11 a.m. to 6 p.m. Type II will be dispensed on Dec. 2 and 9. Type III will be available later.

Spring Valley Population Set At 15,560

SAN DIEGO (CNS) — A difference of opinion as to what areas make up Spring Valley was disclosed Tuesday before the County Board of Supervisors.

The Board had before it a request from the State Division of Highways for verification of Spring Valley's population, put at 15,560 as the result of figures from the registrar of voters' office.

This total, the Division of Highways informed "Supervisors, was reached by multiplying the 7,780 voters registered on Sept. 12 by two.

The Division of Highways also asked Supervisors to set the boundaries for the Spring Valley area, and Supervisor David W. Bird, in whose district the territory lies, said that "Casa de Oro and La Presa don't want to be included in Spring Valley."

The Board held off action on the Division of Highway letter, but in the afternoon the matter was brought up again, and Mrs. Helen Kleckner, Board clerk, was then ordered to get from the registrar of voters' office a statement of the areas included in its report on voters.

Runaways And Car Stealers Make Busy Police Week Here

empty field at the end of Noe line st., S.V. whom they asked to get them some water. He did, but he also guided the sheriff's officers to their camp.

The officers gathered in the girls and sent out an all points bulletin from the Lemon Grove sub-station.

By the next day their parents were found and a reconciliation effected.

Their reason for running away—they objected to mother's discipline.

S.V. BOYS ARRESTED ON MOTOR THEFTS CHARGES

The population of San Diego County Juvenile Hall was increased by two Sept. 24, when Thomas Dean Yerian, 15, 10502 Campo rd., S.V. and John Anthony Neenan Jr., 14, 3701 El Canto dr., S.V. were arrested at their homes by Deputy Sheriffs and taken to the Hall, charged with auto theft. Both boys had previous criminal records.

The boys admitted they had stolen an auto belonging to V. B. Winderly, 8025 Boulevard dr., L.M. from the parking lot of Monte Vista High school on Sept. 20.

Yerian confessed he did the actual taking of the car, met Neenan a few blocks away and the boys then took turns in driving the car until they managed to throw the transmission and left it for dead at Calavo rd. and San Carlos rd., S.V. During the joy ride the boys had picked up two other teens who rode around with them, who admitted they knew the car was stolen.

A motor scooter belonging to Kenneth Pitcock, 5973 Dugan, L.M., was stolen several days later by Yerian and Neenan who took turns in driving it. Neenan went home in the late afternoon, and Yerian then took over and rode several of the boys around, parked it for supper break and started riding in the evening, at which time he was apprehended by alerted sheriff's officers.

BOY AUTO STEALERS RELEASED TO PARENTS

Two teen aged boys of this area who were responsible for taking the car of Mrs. Priscilla Scherer, 1478 Oliver, S.D. on Sept. 6, from the parking lot of the Charles Beatty College on Imperial ave., L.G. were apprehended by the Sheriff's Dept. officers Sept. 24.

The boys had used the car to joyride around the town.

As the boys had not previous record they were released to the Mt. Miguel High school.

WIFE ARRESTS HUSBY

Battery was the charge brought by Mrs. Hazel I. Cornell, 611 Sacramento st., S.V., in a citizens arrest of her husband, William Arthur Cornell, 36, Sept. 27, through Sheriff's Deputies Fowler, Kraft and Hauer.

Mrs. Cornell claims that her husband had struck her and threatened her life.

As Cornell smelled heavily of alcoholic drinks and appeared to have been drinking deeply, he was taken to the County Jail.

FORE!

Helen Coker, 1521 Drexel dr., L.G., reported to the Sheriff's department that someone drove her '62 Chevy 4-door sedan from the driveway in front of her house Friday. The car was unlocked, had a full tank of gas, and a complete set of golf clubs, golf shoes and an umbrella. The car is white and pale green.

They were held under the joint auspices of the S. W. Hackett Lodge 574, F and AM, and American Legion Post 6.

Rhodes of 2451 Hardy dr., Lemon Grove, was a native of Indiana. He was a member of American Legion Post 6 and the Masonic Lodge of El Centro.

He is survived by his wife, Helen; a son, Hugh D. (Bill) Rhodes of Mesa Grande; three daughters including Mrs. Patricia Hunt of El Cajon and Mrs. Donna Nilson of Chula Vista; and three sisters including Mrs. Grace Kennedy of San Diego.

(Continued)

On the other hand, John A. Buserud who is running for the State Treasurer's job is a mighty capable man.

As State Legislator and Chairman of the Republican Caucus, he had attracted widespread attention by his sensible policies and his outstanding leadership.

Leadership is lacking in the Treasurer's office at present where elements of cronyism are discernible.

Buserud, as a San Francisco Assemblyman, during the legislative session accused Betts of failing to give leadership in matters affecting the credit of the state. Betts' only explanation was that nobody had ever asked him to.

Buserud, you may recall, opposed Gov. Brown's plan for increased consumer and income taxes to meet a \$250 million increase in taxes.

It was Buserud who authored legislation requiring stricter controls over State bond financing charging Betts had failed to provide any outstanding reforms during his four years in Sacramento.

Buserud successfully fought the split-ballot bond issue this year and all \$970 million of bond issues went on one ballot. He led the 1962 Legislature economy bloc which resulted in big savings for California taxpayers.

His name is attached, as author, to bills to repeal taxes on drugs, to cut taxes on small business, and to give tax credit to old folks.

We shall indeed support John Buserud for the office of the State Treasurer's office because he would bring to it his moral qualities, his fiscal awareness, his political adeptness, his humanitarian outlook, and his brilliant leadership.

Billboards Aren't Beautiful, No Matter What The Owners Say

There is a gigantic struggle going on in the billboard industry. At stake is the privilege of the billboard people to string their elephantine signs along our streets and highways, obstructing the view of the road user in many cases.

A particularly bitter element of this controversy is between Ross Barrett, president of Foster and Kleiser, one of the westcoast giants of the billboard industry, and the San Francisco Chronicle, a respectable newspaper which had run a spate of photographs a few weeks ago, showing how the magnificent skyline of S.F. was marred by the installation of outsize billboards. F & K claimed the pictures used by the newspaper were "distorted" (They were not).

In an unusually bitter letter, Barrett threatened action against any newspaper which said un-nice things about billboards. His words were "We are determined that any distorted and discriminatory attack on the outdoor advertising medium will be challenged with all available resources."

It is the legal right of Foster and Kleiser to take whatever action it desires against those who criticize the billboard industry... but let's face it. Billboards do not add to the attractiveness of any community's scenery.

A trip along State Highway 101 on the approaches to San Diego is a case in point. Not a single billboard improves that view... a view which belongs to the citizens and not to any advertising outfit.

Citizens Coordinate, a group dedicated to preserve and enhance the scenic views of San Diego County have been meeting with the State Division of Highways in an effort to work out a feasible billboard control recommendation.

We all ought to get our values back into focus... A prime example of the double standard we are presently forced to live by to accommodate the billboard people is a citation one of our drivers was given when a wad of paper blew from his truck as he was making a dump run for us. The driver got a terrific reprimand from the court because emphasis right now is on attractiveness of our gutters rather than beauty of our scenic view.

Ironically, the citation was given near the shadow of a huge, roadside billboard.

COVERAGE OF KIWANIS KID'S DAY LAUDED

Dear Editor:
Your complete and excellent picture and story coverage of this year's Kiwanis Kids' Day activities was most appreciated. We of Kiwanis have come to recognize that coverage by your paper greatly contributes to the success of our projects. By your interest and assistance, we know that you support the fine youth of our community.

The Kiwanis Club of Lemon Grove spent approximately \$300 on Sat., Sept. 22 to recognize youth by providing them with free movies, a parade with prizes, and free ice cream. Funds for this and all our youth activities are derived from our Apple Days coming in October and our Pancake Festival in the spring.

Sincerely yours,
Douglas E. Giles,
Publicity Chairman
Kids' Day Committee

MAX RAFFERTY SEEN AS BEST CANDIDATE FOR STATE OFFICE

Dear Editor:
The San Diego Federation of Teachers (Local 1278) has urged election of Dr. Ralph Richardson as State Superintendent of Schools. They said "Dr. Richardson is by far the best qualified." A point-by-point comparison of qualifications shows Dr. Max Rafferty to be best-qualified, beyond doubt.

The S.D.F.T. said it is "implacably opposed to Dr. Rafferty" whom it described as "the extreme right wing candidate." I respect the right of the S.D.F.T. to endorse whom they choose, but as Spring Valley chairman for Dr. Rafferty I object to their attempt to discredit Dr. Rafferty by innuendo. Their description has no basis in fact and is an obvious attempt to inject one of the move-deplorable aspects of partisan politics into a non-partisan race. Dr. Rafferty's personal character and public record in the field of education are beyond reproach, and his sole aim is the continued improvement of education for California's children.

To insinuate that an extreme right wing exists in the field of education is even more ridiculous than the allegation of an extreme right wing in American politics. I challenge the S.D.F.T. to (1) disclose any basis for their description of Dr. Rafferty as the extreme right wing candidate. (2) explain their reasons for being "implacably opposed" to Dr. Rafferty. (3) Describe their conception of an extreme right wing program for public school use. (4) Define their particular interpretation of "extreme right wing." A term such as this encompasses a wide range in meaning, the degree of extremity depending upon how far in the opposite direction the interpreter stands; i.e. the further "left" one is, the further "right" his opponent appears to be. Since Dr. Rafferty is neither associated with nor an exponent of any exact position of the S.D.F.T.

Sincerely,
Neva Kindred
8685 Tyler, Spring Valley

Six More PTA Presidents Tell Plans

There are 18 PTA unit presidents in Lemon Grove and Spring Valley — including one man — whose leadership and philosophy will effect thousands of local persons during this school year. On Sept. 20 this paper printed comments and ideas from many of them. The six who weren't heard from then are heard from in this article.

"The major projects of Avondale's Parent Teacher Association will be seeking protection for children in our attendance area—who must cross heavily trafficked roads—and promoting community recreational facilities," said Mrs. Elaine Horowitz, president of Avondale Elementary PTA.

Other plans include inviting school children from Tijuana to visit Avondale again. This is to promote better relations and understanding between the two countries; an after school recreation program until community facilities are available; a "Town Hall" forum in October to acquaint voters with candidates on the November ballot; another polio clinic, and helping in any way possible the fine staff at Avondale Elementary school, Mrs. Horowitz said.

FULL YEAR PLANNED
The PTA of San Altos Elementary school is planning a full year of varied activities to suit many tastes, reported Mrs. Dan L. Pumphrey, president. The year got underway with a "kickoff cookout" on Sept. 21 that was attended by PTA members and families.

A Halloween Carnival and a Spring Fair are two of the main things planned by San Altos PTA. Things of a different nature are two bike rodeos, a bigger-than-ever backyard swim program and formation of a parents' chorus.

In addition, Mrs. Pumphrey said, committees of her PTA are working on projects to serve school and community, including Sabin-on-Sunday polio vaccine clinics, dental and health clinics and formation of Parent Information Circulating Library as well as parental discussion groups and a Parent TV Council. A radio clinic will be sponsored in December.

"In general," said Mrs. Pumphrey, "we hope to maintain and promote the spirit of friendly, communicative cooperation that has always existed between parents and San Altos School."

GREETINGS READY
Said Mrs. Herbert Ruiz, president of Mt. Vernon Elementary school PTA: "After wonderful summer vacations and relaxed routines we officers of the PTA are anxious to greet new acquaintances and renew old ones."

"We have many goodies in store for this year. We are us-

Here he poses with other new unit presidents (l to r seated) Mrs. Elaine Horowitz, Avondale and Mrs. Dan L. Pumphrey, San Altos and (l to r standing) Mrs. Herbert Ruiz, Mt. ing the Freedoms and Faith theme this year and will focus on the families we plan to be getting acquainted with at our meetings and events."

Mt. Vernon PTA will hold a Halloween Carnival, Mrs. Ruiz said. She invited all parents to attend her unit's get-together.

BANCROFT HAS MAN
The only man PTA president in the LG-SV area is Thomas Linane, who heads the unit at Bancroft Elementary school, said Linane:

"The PTA at Bancroft has been very busy these past few weeks preparing for school opening. I am very pleased and impressed with the enthusiasm shown by the teachers, parents and board members concerning the projects planned for the coming year."

2 CCPT Councils In LG-SV Work With PTAs

Two Councils of the California Congress of Parent Teachers work with 18 local PTA units in Lemon Grove and Spring Valley. They are the new Valley Grove Council, which is over elementary PTAs and Foothills Secondary Council, which works with high school and junior high school PTAs.

Mrs. Dorothy Armstrong, president of Foothills CCPT said that her Council serves as a liaison between Ninth District CCPT, which covers San Diego County, and the local PTA units. Mrs. Armstrong's Coun-

cil includes, in the LG-SV area, Spring Valley, Lemon Grove and Palm junior high schools and Monte Vista, Mt. Miguel and Helix high schools.

MAIN PURPOSE
The Council's main purpose is counseling, Mrs. Armstrong said. The Council has an executive board of veteran PTA people who know PTA from A to Z; this board is exactly the same as the exec boards of unit PTAs. A job of the Council's executive board treasurer, for example, is to counsel the treasurers of the units. This serves to make the PTA units more effective, according to Mrs. Armstrong.

This year's Foothills theme is "Focus Through Foothills," which is taking form through five planned programs of the year. The first program was held on Sept. 19 and it was titled "The Spotlight's on Membership and Oral Sabin." Foothills CCPT got the latest information on the oral vaccine and gave it to the units. The Council regularly keeps units enlightened on vital matters in which the role of the PTA can be significant.

WORKS SAME WAY
The Valley Grove Council under Mrs. Virginia Long, which is in its first year, works in much the same way with its PTA units, those of the elementary schools in Spring Valley and Lemon Grove.

Mrs. Long said, speaking of the units, "PTA groups stress non-interference with school administration and we like it known that we are a hard-working group of parents striving for harmony between parents and teachers in the public schools, as we work to benefit school children all across the United States."

Griffins Win First Game

by BILL OTT JR.

Grossmont College's fighting Griffins scored their first football victory in the school's brief history with a 14-6 triumph over heavily favored San Bernardino last Friday night in the Orange Show Stadium in San Bernardino. The Indians were two-touchdown favorites to best the Griffins in the second week of Eastern Conference play. Each team now has a 1-1 slate.

The inspired eleven of coach Jim Erkenbeck bounced back after being blanked by Fullerton's Hornets in their Eastern Conference opener two weeks ago. Last Friday night's edition of Grossmont College football looked much more improved in comparison to the previous week's effort.

Saturday night Mt. San Antonio invades the Helix High field to square-off with the Griffins who will attempt to make it two in a row. Saturday's games rates as a toss-up, but it could be a run away if the Griffins turn in an effort as in the San Bernardino meeting.

Party To Honor GOP Candidates

More than 100 guests are expected at an invitational party honoring GOP candidates at the home of Mrs. Helen Hanna, 4205 Eastridge, Windsor Hills, La Mesa.

Co-hostess with Mrs. Hanna will be Mrs. Helen Beauchamp. Adm. Les Gehres and Attorney Wesley Fry will represent Richard Nixon. Dick Donovan, Jack Schrade, and Dick Wilson will be present. Danny Thomas and Henry Boney, Republican wheelhorses will also be honored.

Six More PTA Heads Tell Plans

(Continued)

members at Bancroft is to present insight to the needs and problems confronting children of the elementary grade level. We have enlisted the aid of school officials to outline the objectives of our school district.

One of the few men who has become PTA president, Linane said the fine way the PTA executive board is working with him plus the cooperation being shown by the school faculty are going to make this year a successful one for his unit.

FINDS PTA UNIQUE

Mrs. Lawrence E. Helmuth, president of S.V. Elementary school PTA said, "PTA is a unique association. It offers us opportunities unavailable to other organizations. It is the only group privileged to work closely and continually with our public schools."

The purpose of her unit this year is to combine parental and teacher efforts to promote PTA objectives, Mrs. Helmuth said. This will be done by a variety of programs. Also, the unit will be distributing important information concerning children. A major objective, Mrs. Helmuth pointed out, will be to highlight the quality of our schools.

MRS. CASNER COMMENTS
From Mrs. Earl A. Casner, president of Monte Vista High school come these comments:

"This year Monte Vista High school PTA will continue to strengthen the bond between the school and the home by direct communication of information. This will be done by area coffee hours with parents and school administrators, special interest meetings preceding monthly executive board meetings that are always open to the general public, grade-level meetings, Newsletters, the regular unit meetings and a complete program folder. Last year's strong welfare and student loan program will also continue.

"Our goal is to have a budget that will allow a repeat of the three scholarships presented to graduating students last spring. "Our theme is 'New Adventures.' Our program is flexible so we may meet any new problem that may become known. With our continuing cooperation between parents and the staff, only progress can be expected in our new second year of school and PTA."

NEW HELIX GYM CAN'T BE NAMED AFTER PRINCIPAL HART

A request by the Helix High school student body that the new gymnasium be named for their principal, Benton Hart was turned down by the Grossmont High School District board of trustees.

The board said a new policy is that buildings, and fields cannot be named, for anyone still officially connected with the district. It was voted, however, to continue geographical designations for new high schools.

Hart has been Helix principal since the school was started in 1951.

Two Students Here Vie For Scholarships

Two Lemon Grove students are among 23 Grossmont Union High School District seniors who have qualified as semifinalists in the 1962-63 Merit Scholarship Competition, and in doing so, have moved a step closer to winning a four-year scholarship to the college of their choice.

The L.G. contestants are: Karen Dahl, 16, daughter of Mrs. Louise Dahl, 2630 Nida pl., and Frank Whigham, 16, son of Mr. and Mrs. Whigham, 7846 Bryan ct. Both are seniors at Mt. Miguel High school.

These seniors are among 11,000 in the country who will face the next hurdle December 1 when they take the three-hour Scholastic Aptitude Test of the College Entrance Examination Board. Those who qualify as finalists will be eligible for scholarships sponsored by the National Merit Scholarship Corporation, 150 business corporations, foundations, unions, professional associations, and individuals.

Junior College Offering Program In Police Science

A full program in police science for the recent high school graduate who wishes to become a police officer as well as an advanced program for the police officer who wants to further his knowledge and upgrade his position is being offered by Grossmont College this semester.

Both programs will eventually lead to the Associate in Arts degree, although the regular police officer will not have to repeat those courses which he took at one of the police academies when employed as a rookie policeman. An advisory committee composed of leading local law enforcement officials has aided college officials in establishing the need for and in developing the Grossmont College program.

This fall the pre-employment police science major will be able to take Introduction to Law Enforcement, Defensive Tactics, and First Aid and Safety. These courses are being taught by Mr. Vincent Alfaro newly hired co-instructor in police science. The experienced police officer will be able to enroll in Police Administration taught by El Cajon City Police Chief Joe O'Conner and Juvenile Procedures, taught by Mr. Alfaro.

presidents throughout San Diego City and County are automatically members of Ninth District CCPT executive board, Mrs. Long said. "From Ninth District meetings we get information that we can quickly take to the Council and from there to the local unit," she said, adding: "Thusly we serve our community and our own lives are enriched in so doing."

The Valley Grove Council will hold school principals of LG-SV at a Nov. 14 luncheon program.

Unit presidents of the Valley Grove Council CCPT will meet at the home of Mrs. A. J. Long, Council president on Oct. 10. Evaluation of the recent Council workshop will be made and the November Council pot luck luncheon will be planned out.

Mrs. D. Irwin, Council parliamentarian, will conduct a Parliamentary Procedure Course. All interested PTA members and members of other organizations are invited to attend. Time, date and place will be announced in this newspaper.

Lunch To Honor Kuchel For 10 Years Of Service

U. S. Senator Thomas H. Kuchel (R-Calif.) will be guest of honor at a luncheon October 10, in the Palm room, U. S. Grant Hotel.

The luncheon will salute Kuchel for his work in the Senate on behalf of San Diego during the past 10 years.

Tickets may be obtained at the office of this newspaper, 7834 Lester ave., L.G.

James F. Mulvaney, president of the S.D. Padres, has been appointed luncheon chairman by Herbert Kunzel, chairman of the San Diego Area Committee for Kuchel.

Mulvaney said the luncheon will be "an expression of San Diego's gratitude for Kuchel's recent and continuing efforts to bolster the area's progress."

He cited these instances of Kuchel's interest in San Diego:

1. Industry: salvaging of the \$22.7 million contract for cargo ships for the National Steel and Shipbuilding Company, through a last-ditch Senate stand last week. The contract will stabilize NASSCO employment at the present level; and
2. Continuing to fight moves in the Congress to take defense production contracts and jobs away from California—and San Diego.

3. Federal Buildings: getting the Senate Public Works Committee to ask General Services Administration for a determination of need of a federal building in San Diego. Although construction of the two buildings must await House action next year, the \$22.6 million project will mean jobs here.

4. Education: working for the successful passage in the Senate for transference of 554 acres of choice Torrey Pines Mesa real estate to the University of California in San Diego.

5. Water: sponsoring many water projects, including the recently dedicated San Luis unit of the Central Valley Project.

6. Navy: obtaining federal appropriations for the new nuclear submarine pier on Pt. Loma and for dredging the channel in San Diego Bay to permit large aircraft carriers, such as the USS Constellation,

to make San Diego home port; and

7. Through the federal appropriation for dredging San Diego Bay, providing Harbor Island and the dredging of Mission Bay as a boost to tourism in San Diego.

8. Fishing: seeking legislation to aid the San Diego commercial fishing industry.

Tickets for the luncheon are \$10 each, Mulvaney said. They may be obtained at Kuchel headquarters, 1166 Seventh ave.

TO CONDUCT CLAY WORKSHOP FOR TEACHERS

Lawrence Helmuth, resident of Spring Valley and Helix High School art teacher, will conduct a series of workshops in clay for high school art teachers during the early fall under sponsorship of the San Diego County Department of Education. Chosen for his experience and success in instructing high school students in this medium, Mr. Helmuth will not attempt to duplicate college classes but will deal with individual problems.

Dairy Mart Kept As Milk Supplier For Grossmont Schools

Dairy products will continue to be provided to cafeterias of the Grossmont Union High School District schools under a bid awarded to Dairy Mart Farms by action of the board of trustees. The board had held over the bid from two weeks ago in order to study the problem posed by identical bids on fluid milk and dairy by-products. Dairy Mart Farms had been the successful low bidder for the past seven years. A ruling from the State Department of Agriculture prevented competitive bidding on milk by-products this year. Six other dairy processing firms had bids required.

SAN DIEGO (CNS)—All San Diego County live-stock control officer, said present vaccination efforts would be stepped up.

Dr. J. B. Askew, county health director, said a more complicated procedure on picked-up dogs is now in effect. Owners should make certain the vaccination against rabies tag is current and should not allow their dogs to run at large.

The state committee was informed Monday that 2,000 dogs have recently been poisoned in the Mexican area in that community's efforts to control its rabid dog problems.

No great change in present precautions is expected, but Dr.

Kunzel Says Kuchel Opponent Is 'Reckless'

Herbert Kunzel, chairman of the San Diego Area Committee for Senator Thomas H. Kuchel, charged senatorial candidate Richard Richards with making "reckless" statements about San Diego in a recent speech.

Kunzel was referring to a speech made by Richards to a Northern California audience. It was reported in the San Jose MERCURY.

"The people of San Diego have been slandered by Richards, who describes our city as an area not quite ready for self-government," Kunzel said.

Harry Farrell, political writer for the San Jose newspaper, said in his column:

"Perhaps Richards didn't expect his ad libs to be quoted, at least not outside this immediate area. Otherwise it's doubtful he'd have said what he did about San Diego. Noting San Diego's reputation as a bastion of conservatism, the liberal Richards remarked:

"They have some real far out people down there. I've contended in the past this is an area not quite ready for self-government. Others say we should beam the Voice of America in there."

"Richards must be so far behind in his race with Senator Kuchel that he is getting reckless," Kunzel said. "I can think of no other reason why he would slander our city and write off the votes of California's second largest population center."

Kunzel said Richards would find November 6 that San Diegans "have been listening to the real voice of America and certainly not to Richards' cries for the scuttling of NATO, the abandonment of military bases abroad and the admission of Red China to the UN."

"Jeering will get him nowhere, and that is just where he is now," Kunzel said.

Litter-Boy Scouts-Goodwill Event Ready

Lemon Grove and Spring Valley residents will be among the recipients of San Diego county's largest annual mass give-away Oct. 13 when 300,000 litter bags are distributed to homes throughout the county.

Delivery of the bags will climax another Scouting "good turn" day, sponsored jointly by Goodwill Industries, The War Against Litter Committee and the San Diego Council of Boy Scouts.

The rally for distribution in Lemon Grove and Spring Valley will be held this week on Thursday at 7:30 p.m. at the Lemon Ave. school, 8787 Lemon ave. This will be the largest rally in number of litter bags given out... 70,000.

The "good turn" event actually will get under way Saturday when Cub and Boy Scouts will fan out over the county to distribute special Goodwill Industries collection bags, which householders will be urged to fill.

When the Scouts return for the Goodwill sacks on Oct. 13, they also will leave new War Against Litter bags, supplied again this year by the Richfield Oil Co. as a community service.

East county anti-litter chairman Earl Reno said the 300,000 litter bags are being distributed to three main Scout rally points, where individual units will receive them for the door-to-door campaign.

Court OKs Port For Nov. Ballot

SAN DIEGO (CNS) — The proposal to form a unified port district of the cities surrounding San Diego Bay go on the Nov. 6 ballot.

Judge William A. Glen, presiding jurist in the San Diego Superior Court, Monday morning turned down the plea of the cities of Chula Vista, Imperial Beach and Coronado for an injunction to keep the issue off the ballot.

Judge Glen ruled that the Board of Supervisors had acted properly in upholding the petitions submitted by Coronado voters and in declining to include the Bonita-Sunnyside area in the proposed district.

Those opposing the district still have the opportunity to protest the legality of the district in court if its formation is voted in the Nov. 6 election.
